### **FAKE LOVE WITH ME**

© Audrey Auld Mezera 1997 (APRA) /Bill Chambers (Gibbon Music)

Let's pretend that we're in love tonight  
I know it isn't true love  
And you're not Mr Right  
But while we're faking love  
I won't be thinking of  
The lonely life I lead  
Fake love with me

I'm not chasing rainbows anymore  
Second-rate romance  
Sure beats none at all  
I'm not the only girl  
In this lonely hearts club world  
Looking for someone to  
Fake love with me

Faking believe in forever  
Whispering sweet lies through the night  
Faking our way to the light of day  
With the end so clearly in sight

We're only faking love tonight  
Take me in your arms  
Oh darling, hold me tight  
Though we both know it's not real  
Let's pretend its love we feel  
And I'm your one and only  
Fake love with me

We're not really lonely  
Fake love with me

### **HILLBILLY DADDY**

© 1998 Bill Chambers (Gibbon Music)

Everywhere I go they try to put me down  
Before my motor's cold they run me out of town  
Cause I'm a hillbilly daddy I aint got no home  
I'm a hillbilly daddy and I got the urge to roam

I see that motel welcome sign

## RECKLESS RECORDS GARAGE SALE : 1997 – 2003 LYRICS

No vacancy no room tonight  
For a hillbilly daddy I keep movin' on  
But this hillbilly daddy can drive all night till dawn

The truckers they don't worry me  
I don't dim my lights I don't get no sleep  
I'm a hillbilly daddy I aint slowin' down  
I'm a hillbilly daddy I'm a headin' for your town

Well if you ever get the blues  
Don't count on me cause I'm bad news  
I'm a hillbilly daddy I aint got no home  
I'm a hillbilly daddy and I got the urge to roam  
Yeah I'm a hillbilly daddy and I got the urge to roam

### **TEX & BUDDY**

© Audrey Auld 1997 (APRA)/Bill Chambers (Gibbon Music)

Tex and Buddy are gone but the legend lives on  
Their songs take me back through the years  
When a man and his guitar could hang a dream upon a star  
Tex and Buddy were the pioneers

Tex Morton was the man who made us understand  
That life can be lived around a song  
Like good old Rocky Ned and the Luggage Van Ahead  
Old stories that remind me of home

Buddy Williams travelled down dusty road, outback towns  
A smile and a yodel in his song  
With an angel by his side he showed far and wide  
A singer, of the land where he belonged

Tex and Buddy are gone but the legend lives on  
Their songs take me back through the years  
When a man and his guitar could hang a dream upon a star  
Tex and Buddy were the pioneers

There are two old guitars with scratches and scars  
Tonight they lay silent all alone  
But somewhere on the wind Tex and Buddy still sing  
Way out where the white face cattle roam

Tex and Buddy are gone but the legend lives on  
Their songs take me back through the years  
When a man and his guitar could hang a dream upon a star  
Tex and Buddy were the pioneers  
Tex and Buddy were the pioneers

### **THE WORLD CHANGED TODAY**

© Audrey Auld 9/13/2001 (APRA)

I'm filled with tears  
I don't know why I cry

## RECKLESS RECORDS GARAGE SALE : 1997 – 2003 LYRICS

But in a turn of the hand  
Too many people died  
All that I believed in  
Doesn't seem so sure  
And everything that mattered  
Doesn't matter anymore

Cause the world changed today  
The world changed today  
In a message to America  
The world changed forever today

A monument  
Turned to ash and sand  
They desecrate the very  
Pillars of the land  
Shattered on a weekday  
All the nine-to-fives  
The bitter dust will settle  
On everybody's lives

Cause the world changed today  
The world changed today  
In a message to America  
The world changed forever today

It's different now  
The shadows hold new fears  
The circle has been broken  
The soldiers fight their tears  
Out across the oceans  
There's people just like me  
Who pray and cry and wonder why  
They murder to be free

I'm grieving for  
No-one that I know  
Save for every beating heart  
Every John Doe  
No amount of money  
Could settle this score  
But all the love in all the world  
Could bring the end of war

Cause the world changed today  
The world changed today  
In a message to America  
The world changed forever today

The world changed today  
The world changed today  
In a message to America  
The world changed forever today

In a message to America  
My world changed forever today

### **MOUNTAIN HOME**

© Audrey Auld 1997 (APRA)

The roots of my home place run deeper  
To a little cabin lost in the trees  
Way up high on the mountain  
The bosom of my family

Love filled the old wooden home place  
Fiddle playing, singing everyday  
Dancing to Daddy's piano  
Friends and neighbours, one and the same

My spirit belongs on the mountain  
'neath tall trees, in bracken and broom  
Oh bury me there, no headstone, no tears  
My spirit lives in my mountain home

The cabin burnt down in '67  
My mother saved my brother and me  
We lost a place called heaven  
And memories from over the sea

A new home rose from the ashes  
The blackened scars faded from view  
Laughter once again, strangers became friends  
All around the new forest grew

My spirit belongs on the mountain  
'neath tall trees, in bracken and broom  
Oh bury me there, no headstone, no tears  
My spirit lives in my mountain home

Now a new family lives in the old place  
Too many houses fill the lane  
The rough and rocky track's now smooth and black  
The home place will never be the same

Mother mountain watches her children  
Growing up and leaving to roam  
Oh bury me there but don't shed a tear  
For I'll be in my mountain home  
My spirit lives in my mountain home

### **GOING CRAZY WITHOUT YOU**

© Bill Chambers 1998 (Gibbon Music)

I'm going crazy without you  
Missing little things you always do  
I didn't know I love you so  
As I stood and watched you go  
Now I'm hoping that you're lonely for me too

## RECKLESS RECORDS GARAGE SALE : 1997 – 2003 LYRICS

I'm getting lazy since you're gone  
I guess I wasn't born to live alone  
The housework's never done  
Washing dishes ain't no fun  
I'm going crazy without you

I miss the way you hold me tight  
So lonely I can't get to sleep at night  
There's a place to lay your head  
In this big old double bed  
Two arms around a pillow don't feel right

I hate the morning when it comes  
I gotta sit and drink my coffee all alone  
There's so much work to do  
I'm saving it all for you  
I'm going crazy without you

I'm going crazy  
That's the just way I am  
I'm getting lazy  
Now ain't that just like a man?

Can't wait to see your smiling face  
To hold you close and feel your warm embrace  
So long since you were here  
Feels like forever dear  
Everywhere I look I see your face

You're the reason that I wrote this crazy song  
You're the reason that I'm staying home alone  
I can't even go to work  
There's no one to wash my shirts  
I'm going crazy without you

**1800 GO-TELL-JOHN**  
© Audrey Auld 2003 (APRA)

Dear Fellow Australians  
This is your leader, John  
I'm writing to tell you that there's been a change  
We've been lucky too long

The world has been fighting for hundreds of years  
Killing its fathers and sons  
But none of that worried me till I heard  
The sound of the Bali bomb

So if you see a character acting suspicious  
Wearing sandals instead of thongs  
Black beards, tea towels and too many parties  
Dial 1800 Go-Tell-John

I've got a friend his name is George  
And I let him play with my toys  
He's a bit of a bully and likes his own way

## RECKLESS RECORDS GARAGE SALE : 1997 – 2003 LYRICS

But now I'm one of the boys

George will root out all the evil  
Together we'll go to war  
Fight for our freedom and kill all the bad guys  
Though I'm not really sure who they are

So if you see a package left unattended  
Unite, be right, be strong  
Point out the weirdo, we'll give him a fair go  
Dial 1800 Go-Tell-John

But if you feel the danger of all this hatred  
You just want to get along  
And Johnny's the one who's acting suspicious  
Dial 1800 NO-WAR-JOHN

And Johnny's the one who's acting suspicious  
Dial 1800 NO-WAR-JOHN

### **YOU REMIND ME OF A BAD MEMORY**

© Audrey Auld 1997 (APRA)

You remind me of bad memory  
I'd forgotten just how sad love can be  
Something in your smile  
Had me going for awhile  
But you remind me of bad memory

I saw you standing there alone  
Looking like someone I'd known  
Bringing back all the past and all its pain  
So let's not even say 'hello'  
It's better if we never know  
And I won't have those memories again

You remind me of bad memory  
I'd forgotten just how sad love can be  
Something in your smile  
Had me going for awhile  
But you remind me of bad memory

I learnt my lesson all too well  
Topped the class in living hell  
You're the penance I already paid  
So let's leave our future in the past  
Look for love that's bound to last  
Hey you're mistake I already made

You remind me of bad memory  
I'd forgotten just how sad love can be  
Something in your smile  
Had me going for awhile  
But you remind me of bad memory  
You remind me of bad memory
